### USA Swimming Rules

Current USA Swimming rules and regulations will govern the meet.

*Condition of Sanction:* A quality control system has been implemented to ensure that individuals who are ineligible for participation are unable to participate in this competition. Additionally, all adult members of USA Swimming who have not completed their Athlete Protection Training will not be able to participate in this competition.

At a sanctioned competitive event, USA Swimming athlete members must be under the supervision of a USA Swimming member-coach during warm-up, competition and warm-down. The Meet Director or Meet Referee may assist in making arrangements for such supervision, but it is the swimmer's responsibility to make such arrangements prior to the start of the meet.

Any swimmer entered in the meet must be certified by a USA Swimming member-coach as proficient in performing a racing start or must start each race from within the water without the backstroke ledge. When unaccompanied by a member-coach, it is the responsibility of the swimmer or the swimmer's legal guardian to ensure compliance with this requirement.

The use of audio or visual recording devices, including a cell phone, is not permitted in changing areas, rest rooms or locker rooms.

Use of cameras, cell phones or any other recording device is not permitted immediately behind the starting blocks at either end of the racing course(s) during race starts, competition and warm-ups.

Deck changes are prohibited.

Operation of a drone, or any other flying apparatus, is prohibited over the venue (pools, athlete/coach areas, spectator areas and open ceiling locker rooms) any time athletes, coaches, officials and/or spectators are present.

Flash photography is not permitted at the start of any race.

### Ohio State Laws that are applicable to Ohio Swimming sanctioned events

Ohio's Return to Play Law (ORC 3313.539 and ORC 3314.03) requires that coaches and referees either (1) complete a free online training once every three (3) years in recognizing the symptoms of concussion or (2) hold a pupil-activity program permit from the Ohio State Board of Education. Free online concussion training is offered through the National Federation of State High School Association and Centers of Disease Control. Training links can be found at [www.swimohio.com](http://www.swimohio.com) under Safe Sport & Safety > Concussion.

There will be the required number of certified lifeguard(s) on duty at all times at this meet per Ohio Administrative Code 3701-31-04-E-4.

### Safe Sport 360

The USA Swimming Safe Sport program is USA Swimming's comprehensive abuse prevention program dedicated to creating a healthy and positive environment free from abuse for all its members. Components of the program include, but are not limited to, providing education and training, enforcing policies (such as the Minor Athlete Abuse Prevention Policy), rules and best practice guidelines, promoting healthy boundaries and mandatory reporting of violations.

The Minor Athlete Abuse Prevention Policy (MAAPP) [www.usaswimming.org/maapp](http://www.usaswimming.org/maapp) prohibits Adult Participants (as defined) from having one-on-one interactions with minor athletes which are not within an observable and interruptible distance from another adult. Adult Participants are required to abide by this policy in full during this meet.

Pursuant to USA Swimming Rules and Regulations and federal law, it is every member's responsibility to immediately (i.e., within 24 hours) report any incident of child abuse, including physical or sexual abuse, to law enforcement and the U.S. Center for SafeSport. Reporting must occur when an individual has firsthand knowledge of misconduct or where specific and credible information has been received from a victim or knowledgeable third party. A report to the U.S. Center for SafeSport may be made via telephone at 853-5US-SAFE (833-587-7233) or online at [www.uscenterforsafesport.org/report-a-concern](http://www.uscenterforsafesport.org/report-a-concern).

All athletes age 18, or who turn 18 during the meet, must complete Athlete Protection Training to be a USA Swimming registered member in good standing by the first day of the meet. A member not in good standing will be prohibited from participating in the competition until such time as all membership requirements are completed. Times achieved by an athlete who turns age 18 on during the meet, who competes in this USA Swimming sanctioned event without completing this membership requirement, will NOT count for qualification or recognition. This includes participation as a member of a relay.

- USA Swimming Approved Competition: Check two weeks before the competition to assure the meet has been approved by the LSC. Prior to the start of competition, ask the Meet Director to confirm the procedure for getting the times into SWIMS.
- USA Swimming Observed Swims: Be sure a proper request for an Observed Swim is made according to 202.8 of the USA Swimming Rulebook and the USA Swimming SWIMS Time Module Policy Manual. Prior to the start of the meet, verify that the proper procedures are in place for the Observed swim.

All entry times must be made prior to the entry deadline and must be proven prior to the scratch deadline for that event through the SWIMS database. No swimmer will be permitted to swim without said proof. All scratches must be proven. **Per USA Swimming policy, the athlete must have been a member in good standing when the time was achieved for it to be visible in the public portion of SWIMS.**

If a time for a swimmer is visible in the public search feature on the USA Swimming website (Times/Time Standards), and it was swum in the appropriate qualifying period, it is considered a proven official time.

Teams may use a provable team time or aggregate time achieved within the qualification period to qualify a relay. Swimmers contributing to a team relay entry time are not required to be on the team roster; however, relay-only athletes must be included on the team roster. If a team enters an A and B relay, 8 different swimmers must be used. Teams may not use the same swimmer twice in a relay event, or to prove a time. All relays must be entered through OME.

If a qualifying time was swum at a USA Swimming observed high school meet, verify that it is in the SWIMS database before trying to use it for an entry. Contact the LSC Times Official in the LSC where the meet was held if there are missing times or questions about whether the meet was observed. Relay lead-offs and/or intermediate split times must be requested from the SWIMS Times Official in the LSC in which the meet was held to be visible in SWIMS.

**Note:** If you are planning to use high school times to enter this meet, please verify with the meet host in advance that arrangements have been made to have the meet observed. Athletes must be current members of USA Swimming (including APT compliant) at the time of the swim for the time to be in SWIMS and used for entry into this meet.

Times not proven prior to Friday, July 11, will be flagged on the psych sheet (\*). **Proof of time for those events must be provided before the scratch deadline for that event. If NO proof of time is provided, the swimmer will be scratched from the event.**

### Time Trials

Time trials will be offered daily as time allows. Final details regarding time trials will be communicated at the Virtual Technical Meeting. If time trials are offered, the following procedures will be in effect:

- Only swimmers entered in the meet are eligible to participate in time trials.
- Time trials sessions will start 15 minutes after the conclusion of preliminaries on Thursday, Friday, Saturday, and Sunday as time permits. Events from the current day will be swum first, with events for subsequent days following in order (except 50-meter events which will be swim last each day except for the day designated for long distance time trials). Event order may be modified for ease of seeding and timeline control.
- Time trial entries will be taken at the Admin Table next to the timing and scoring table on the west deck until one hour prior to the published end time of each day's preliminary session.
- Time trials will be limited to 1 hour. Time trials for events 800 m and longer will be limited to one day. Teams will be informed of the distance trial event day at Monday's virtual Technical Meeting.
- If on any day, preliminary sessions end less than 45 minutes before the start of finals warm-ups, time trials will not be conducted.

### Time Trial Entry Limits

- Time trial events must be included in the individual daily event limit of three (3); time trial events do not count toward a swimmer's meet limit of six (6) events.
- Per 2016 convention, all swimmers, including relay only swimmers, are limited to two Time Trial events at the meet.

The entry fees for time trials events are the same as those listed in the entry fees section of this packet (see page 6).

### Ready Area & Awards Parade

A ready area will be provided each evening for the Championship Final heat in all individual events. Swimmers must report to the ready area 10 minutes prior to the start of their events so they may parade to the starting blocks together. Music will be played during the parade. Consolation heats, Bonus heats, relays and heats of distance events that swim with finals should report directly to the starting blocks for their races.

### Warm-up Procedure

The pool deck will open at 6 a.m. on Thursday, Friday, Saturday, and Sunday, and the competition pool will be available for general warm-ups at 6:30 a.m. on all competition days.

Specific details of warm-up procedures for the comp pool will be posted on the scoreboard.

A 25-meter warm-up pool will be available for warm-up and cool-down during the meet.

- Swimmers are expected to utilize this pool only to warm-up and cool-down.
- Only pace and circle swimming will be permitted in the warm-up pool.
- NO EQUIPMENT is permitted in the warm-up pool. This means no fins, paddles, kickboards, pull buoys, parachutes, or assistive swimming/bungee cord pulls. Snorkels and goggles are permitted.
- Horseplay is NOT permitted. Swimmers should only swim back and forth. No diving to the bottom of the diving well. No breath holding exercises for full lengths of the pool or hanging out under water.
- Entries into the warm-up pool should be feet first with one hand on the pool deck. Diving is NOT permitted.
- Do not block the view of lifeguards. Swimmers may not stand in front of guard chairs and should sit on the parapet (not stand) until they are ready to hop in.
- Respect the bather load. We aim to keep 14 people or less in each lane (so we do not exceed capacity and guards can observe all swimmers). If a lane is full, wait for two people to exit the lane before entering the pool.
- Code of Conduct will be enforced. See page 1 of this packet for more details.

#### National Championship Certification (Evaluator – Jamie Cahn)

This meet has been designated as an “Officials Qualifying Meet” under the national certification procedure. Evaluations will be offered through N3, for eligible officials assigned to work the meet. Please see the USA Swimming website – Member Resources/Officials Tracking System/Certification section to view the latest procedures regarding evaluation and certification. A combined Request for Evaluation/Application to Officiate is available on the Central Zone link below. Note: to be evaluated for certification or re-certification at any level, an official must work at least 4 sessions at the meet, even if the evaluation requirement is for only 2 or 3 sessions in a specific position.

First priority for assigned positions (Chief Judge, Starter, or Referee) will be given to those seeking certification, as well as a commitment to working all sessions of the meet. This better serves the athletes and provides a consistent training experience.

**Officials interested in officiating at the meet should visit the [Central Zone website](#) and submit an application.** Officials’ uniform will be white over navy for all sessions. Shorts are acceptable at Prelim sessions only. Long pants (men or women) or modest length skirts (women) will be worn for Finals. White, covered-toe shoes are required for all sessions.

### Unpaid Fines

The meet host will send a notification of fine for failure to compete without scratching to the offending club listing the amount owed, purpose of the fine, directions for payment, and the payment deadline (which may include a penalty if not paid by the deadline). A copy of this notification will also be sent to the current Sectionals Chairperson. If the fine remains unpaid by the specified deadline, the offending club will be denied representation in any subsequent Sectional meets until the amount has been paid.

### Fine Appeal Process

Any club that has been assessed a fine may appeal the fine and/or penalty by submitting a written notice to the current Sectionals Chairperson, Erin Crabtree by emailing [crabtreeerin@hotmail.com](mailto:crabtreeerin@hotmail.com).
