

LESI Scheduling Committee Meeting

May/June 2020

Either by default or by your request, we are the current scheduling committee for LESI. Thank you for being a part of the committee. I don't anticipate too many meetings or issues until we get to Fall HOD where we will need to add the championship meets into the SC schedule. That is typically done at Spring HOD but that portion of the schedule was removed due to the virtual meeting we had to have.

The only change to the schedule, since the Spring HOD where this schedule was approved, is the addition of a meet by FAST on the weekend of Dec 18-20. This was an open weekend on the schedule passed at HOD. FAST opted for the create your own meet with TF on Friday night and for the 10/under on Saturday and Sunday. 11-14 will be prelim final on the weekend. The time standards will be slower than BB times.

We have one remaining open meet on the schedule – the Oct 24th date for the Freestyle Frenzy. No team has offered to host this meet.

Please let me know if you have any questions or comments.
